

Brody J. Hildebrand, D.D.S., M.S.

A leader in the field of dentistry, Dr. Brody Hildebrand has been practicing for eight and a half years. He completed his DDS and MS at Baylor College of Dentistry, and now dedicates himself to following, mastering and teaching the latest advancements in regards to aesthetic dentistry, implant reconstructions and orthodontics. Dr. Hildebrand is one of fewer than 10 doctors in the United States specialty certified in both orthodontics and prosthodontics.

He has been recognized as one of D Magazine's Best Dentists in 2007 and honored with the Best Dentist in Texas award from Texas Monthly Magazine four years in a row. Dr. Hildebrand is involved in numerous professional organizations, including the Academy of General Dentistry (Fellow), the American Academy of Orthodontists, the American College of Prosthodontics, the American Dental Association, the Christian Medical and Dental Society, the Dallas County Dental Society, and the International Team for Implantology (Fellow).

An accomplished speaker, Dr. Hildebrand travels across the nation and internationally to educate the dental community on a variety of topics such as treatment planning for orthodontics, implant dentistry, aesthetics with restorative dentistry/prosthodontics and more. He holds a faculty position in the Graduate Prosthodontics department at Baylor College of Dentistry where he both teaches post-doctoral dentists the latest advances in treatment protocols and leads research projects in implant dentistry.

Dr. Hildebrand is the co-owner and founder of Preston Hollow Specialists as well as the director and founder of the nonprofit organization Project 31, which raises funds to deliver basic dental care to underserved populations both stateside and internationally. Dr. Hildebrand has help coordinate and lead mission trips to countries in North America, South America, Africa, Asia and Europe.

Dr. Hildebrand will open his newest venture, PURE Dental, in January 2009. Ushering in a new and progressive approach to dental care, PURE Dental will feature ecologically conscious high-design office space while also incorporating green practices and products when the office opens in Mockingbird Station next year.

He is the eldest brother in a family of dentists, all of whom have followed in their father's footsteps by becoming specialists in various areas of dentistry. When Dr. Hildebrand is not pursuing his professional passion, he can be found spending time with his growing family of five or pursuing his outdoor passions of mountain climbing, snowboarding, and kayaking.
